Future of Education in India post COVID-19; Insights and Recommendations

We are pleased to invite you to for a path-breaking Online Expert Talk which Academy of Excellence intends to conduct with your support.

Countries all over the world are witnessing the devastating effects of Pandemic COVID - 19 on people and the student community specifically.

Despite enormous mishaps occurring in our social and personal lives, COVID-19 Pandemic has shown new ways of life that will immensely contribute to the resilience and recovery of each and every human being living on this planet. Openness and the willingness to share is the most visible as we see and experience among even powerful governments and nations.

Education and Learning are not far behind in keeping up with the changes. This said, we have already witnessed some serious initiatives taken up by developing countries towards Quality Education.

The changed professional demands, vanishing jobs, re-designed and specific target-oriented mushrooming careers, it has become the need of the hour to educate and equip the students and those in the education industry on what the future holds for them.

A need to support the whole academia in this regard is felt by the visionaries at Academy of Excellence and hence we wish to host an online Expert Talk on the said topic: "Future of education in India during post-COVID-19 times: Insights and Recommendations"

The primary aim of this event would be enlightening and knowledge sharing on changing needs, new perspectives of learning, insights and recommendations on Education at the global level.

It is our pleasure to invite you to attend the lecture and be a part of educationists at Academy of Excellence who is looking to lead the path towards quality education for a better tomorrow. Policy Makers, Academicians, Educational leaders, teachers, students and parents from different parts of the country will attend this lecture.

Yours Faithfully,

Dr Sabir Navas

Professor Dr. Seyed Ehtesham Hasnain

PhD, DSc (h.c.), DMedSc (h.c.), FNA, FTWAS, FAAM, ML

Prof. Dr Seyed Ehtesham Hasnain, Padma Shri (Civilian Award), is a globally acclaimed scientist, an institution builder, a visionary leader, policy maker, eminent academician and powerful administrator who is having a track-record of more than 4 decades of Academic Excellence in his Career.

Prof. Hasnain is a recipient of Germany's Highest Civilian Award- The Order of Merit (Das Verdienstkreuz, 1.Klasse) from the President of Germany, the equivalent of India's Bharat Ratna, the only Indian so far and one of the very few persons globally. He is internationally known for his work on DNA fingerprinting and on tuberculosis. Also, has been serving the Science Community with about 275 publications in peer-reviewed journals (>8500 citations, H-index 51) of high impact (Nature, PNAS USA, Lancet etc) and over a dozen international patents, He was invited by IIT Delhi as a Professor where he served until superannuation (2011-2019) after which he shifted his laboratory to Jamia Hamdard. He taught at Delhi University, worked at the National Institute of Immunology, New Delhi and served as first Director of Centre for DNA Fingerprinting and Diagnostics (CDFD), Govt of India. He made CDFD a gold standard for DNA based crime investigations in that part of the globe.

As the Vice-Chancellor of University of Hyderabad (2005-2011), he brought this University to the #1 position displacing JNU and Delhi University. He joined Jamia Hamdard as Vice-Chancellor and in less than three years the University has been pole-vaulting into higher orbits of excellence and recently recommended as "Institution of Eminence" and placed at the 5th Rank amongst the Privately Funded Institutions of the country by the Govt of India.

Awards:-

Prof. Hasnain is the recipient of many prestigious awards from India and abroad, such as Humboldt Research Prize (Alexander-von-Humboldt Foundation, Germany); the very exclusive Robert Koch Fellowship (the ONLY Indian so far) of the Robert Koch Institute, Berlin; and youngest to be elected as a Fellow of TWAS, Trieste. He is elected Fellow of the prestigious American Academy of Microbiology, USA, and the first Indian elected as a Member of the German National Academy of Sciences Leopoldina. He has been conferred with the ICMR's BR Ambedkar Award, the highest award for excellence in biomedical research; besides many other prestigious Indian Awards which include G.D. Birla Award, Shanti Swarup Bhatnagar Prize, FICCI Award, J.C. Bose National Fellow Award, Ranbaxy Research Award, Goyal Award, Bhasin Award etc. He is an elected Fellow of all the major Science Academies of India (FNA/FASc/FNASc), and a recipient of honorary degrees from Universities in India and abroad. He is the 3rd Indian (Dr APJ Abdul Kalam, 2009, Dr Amartya Sen, 2010) to receive an Honorary Doctorate (2011) from the Queen's University, UK.

Future of Education in India post COVID-19; Insights and Recommendations

Memberships:-

Prof. Hasnain served as a Member (2004-2009, 2009-2014) of Science Advisory Council to the Prime Minister (SAC-PM) of India and Member of Scientific Advisory Committee to the Union Cabinet. He was Chairman of Biotech Advisory Council, Govt. of Andhra Pradesh for several years and a Member of Biotech Advisory Council of many other State Govts.

He has been the Chairman of the Academic Committee of PGIMER, Chandigarh, and a Member of the Institute Body and Governing Council of PGIMER, as well as Member of the Research Advisory Committee of AIIMS, New Delhi. He served as a Member of University Grants Commission; Governing Councils of Indian Institute of Advanced Studies-Shimla; Indian Institute of Science-Bangalore; Indian Institute of Management-Kozhikode; IISER-Bhopal and several other institutions, policy-making bodies of the Ministries of S&T, MHRD, Health, and Defence. He continues to be a member of Aga Khan Foundation National Committee, Board of Directors/ Audit Committees/Remuneration Committees of a number of Companies.

Global persona

Prof. Hasnain has travelled widely and has given invited talks at top universities including Oxford, Cambridge (UK), Harvard, Yale, Stanford, Univ of California, Salk Inst (USA), Institute Pasteur (France), Max Planck Inst, Frei Univ, Koln Univ (Germany), NUS (Singapore), Univ of Canberra (Australia), Canada, China, Thailand, Brazil, Senegal, Iran, Saudi Arabia, Bangladesh, etc.
